Notes	
IBUs closer to 38 due to hop absorption.	
Harvested yeast from primary.	
2/12: Increased temp to 62F for diacetyl rest.	
2/16: No real noticeable diacetyl that I can make out.	
I get some of the hop flavor in the Noble Pils but we'll see!	
3/19: same sort of flavor and aroma as the Czech pilsner; but not too overpowering	
Nice right now; will be much better with CO2.
